EQL Pharma AB in short

EQL Pharma is a Swedish pharmaceutical company specialised in development and sales of generics, i.e. pharmaceuticals that are medically equivalent to original pharmaceuticals. The company is currently focused on prescription medicines in the Nordic countries where the competitive pressure is low or absent, i.e. niche generics. The products are manufactured both in Europe, India and China, but always meeting the European standard and quality. The financial target for the company is to be profitable as of 2015. EQL Pharma's registered office is in Lund, Sweden. The share is listed on AktieTorget. Read more at www.eqlpharma.com.
