## EQL Pharma AB (publ) in brief

EQL Pharma is specialized in developing and selling generic drugs, ie drugs that are medically equivalent to the original medicines. The company currently markets 8 niche generics in the Swedish and Danish markets, in addition to these, there are a significant pipeline of additional niche generics for launch in 2017 and onwards. The business is currently focused entirely on prescription drugs in the Nordic region. EQL Pharma is based in Lund, employs 7 (8) people and is listed on AktieTorget. EQL Pharma conducts extensive development in cooperation with leading contract manufacturers and major pharmaceutical companies in countries including India and China.
